LETTER RE CERTIFICATE OF CORRECTION

Honorable Commissioner For Patents
P.O. Box 1450
Alexandria, VA. 22313-1450

Sir:

Attached is a Request for Certificate of Correction correcting what the Applicant believes to be a minor error in claim 1.

Specifically, the last paragraph of claim 1 has been amended by changing

- “wherein the dc voltage supplied from the rectifier unit is passed through the voltage-stabilizing control unit controlled by the voltage-stabilizing unit” to
- –voltage-stabilizing ~~control~~ unit controlled by the voltage-stabilizing control unit–.

The change makes the last paragraph of claim 1 consistent with the second-to-last paragraph, which recites:

- “said voltage-stabilizing unit being controlled by the voltage-stabilizing unit.”

The change also brings claim 1 into conformity with col. 3, lines 62-64 of the specification, which state that:

- “. . .the voltage-stabilizing control unit 34 operates the voltage-stabilizing unit 35 to conduct a current so that a low voltage is thus allowed to pass therethrough.”

Patent No. 6,949,899

Because the change to claim 1 corrects an obvious typographic error and is clearly supported both by the other paragraphs in claim 1 itself and the original specification, issuance of a Certificate of Correction is believed to be appropriate.

The fee of \$100 is enclosed.

Respectfully Submitted,

BACON & THOMAS, PLLC
